

SUPPLY REQUEST FOR SCIENCE EXPERIMENTS

_____ our class will be
conducting a number of interesting and involving science
experiments about _____

We are really looking forward to trying out things for ourselves, as
we know that we will learn so much more from doing the
experiment than just reading about it.

*Can you help your
budding scientist?*

In order to complete these experiments
successfully, we require a few things from home.
Could you please send in any of the following
you have at home:

Thank you for helping us with our science investigations. I am sure
we will have lots to tell you about when we come home from
science lessons each week.

We will need these materials by: _____

Thank you!

Teacher's Notes

Simply fill in the blanks with the information needed for your experiment, eg “on Wednesday” or “this term” or “next week” and the topic of the experiment, copy it and send it home. Be sure to leave plenty of time, and don't forget to put a date a few days before the experiment to have everything in by. This way you have the chance to chase up anything missing.
